

Same UKIM, Different Location

As a truly valued client of UK Independent Medical we wanted you to be amongst the first to know about our exciting news ...
we are on the move!

We are set to move into a new 13,500 sq ft office at Rainton Bridge, which is just 4 miles away from our current 5000 sq ft site on the outskirts of Durham.

With continued growth and success, a move to larger premises was a natural progression for us and clearly underlines our growth intentions. Our relocation strategy has been fully supported by our American parent company, ExamWorks, Inc and underpins their vision of further growth and development for UKIM and the UK market as a whole.

UKIM's Chairman, Paul Healey comments: "The move to our new site will not only allow room for growth, but also provide our team with a new and exciting environment to allow us to realise our strategic ambitions over the coming years."

The team that you are accustomed to dealing with will remain with us, and you can continue to expect our customary rapid response, swift access to an expanding network of medical professionals, growing service portfolio and fast turnaround times in report production.

We attribute a huge amount of UKIM's success to our client base and we would like to extend our thanks and gratitude to you for both your historic and continued support.

We intend to move to our new site sometime next month and we will of course provide a confirmed move date and new address details in due course, however should you require anything further in the meantime, please don't hesitate to contact us on 0844 811 8546 or at andream@ukindmed.com.
